

**We are in an era where knowledge is power
and learning is the pre-eminent strategy for global success.**

GKE is a global, educational consortium whose primary mission is to empower institutions and knowledge providers with the capability to manage, deliver, and enhance effective, innovative learning.

In order to realize this mission, GKE is engaged in numerous activities on a global scale:

- Training and engaging local Catalyst Educators, Trainers, and Teams in China to facilitate the GKE Innovative Learning System, GKE Innovative Learning Centers, and the GKE Membership Alliance
- Providing activity kits and other classroom and home products to support English language teaching and innovative, quest-based methodologies
- Aligning GKE Innovative Learning System with local curriculums and with global education industry initiatives
- Developing customizable training for executives on fostering innovation in industry
- Supporting the construction and operation of a global network of GKE Innovative Learning Centers
- Fostering global learning projects and a global network of online as well as onsite learning communities
- Providing high-level consulting aligned with GKE's Global Education Management (GEM) model
- Participating in development of global education project proposals

GKE members range from individuals to institutions, from public to private, and from non-profit to corporate. The integrated collaboration of the GKE Global Alliance provides an Information Age infrastructure of knowledge providers and knowledge recipients.
